Valentine's Day

February 14th

Valentine's day is near at hand and the pretty custom of sending these little remembrances will, we think, be more widely observed than ever. The artistic Valentines which are produced these days are worth sending and worth receiving. Our new stock includes all the latest and most artistic novelties. Some of the boxed Valentines and card mounts are superb creations. If you anticipate sending Valentines to some of your friends, why not make your choice at once and thus be able to select while the assortment is at its best. Our window display will give you a slight idea of the stock within. Come inside and see all of them.

DELICATE PERFUMES

Are an essential part of my lady's toilet. The odor must be delicate, subtle and lasting. Strong, coarse perfumes are not popular with cultivated people. And there is also nearly as much fashion in perfumery as there is in dry goods.

Try Ours

They are the best products of both foreign and domestic makers. The correct odors are always to be seen here. The most sensitive taste will find them delicious. The most critical will find nothing but perfection.

CONWAY.

Special Correspondence.

Conway, I. T., Feb. 6.—A severe norther is blowing, accompanied by sleet.

The mail carrier missed two days this week.

Considerable sickness is reported in this community.

Postmaster Sumpter has been sick with la grippe.

W. L. Odora has added a sideboard to his store house.

The Woodmen of the World and the outside community are subscribing funds with which to erect a two-story building for lodge and school purposes.

Bids are out for carrying the mail from Conway to Stonewall and return, daily, effective February 20. Several have sent in bids from this end of the line.

W. A. Allison brought from the Kiamitia mountains a set of deer's horns with twenty points. The head is still attached. Can any reader produce a pair of antlers with more points? It is believed that this is the largest pair killed in the territory.

SNEED.

Special Correspondence.

Sneed, I. T., Feb. 6.—Our town is located 18 miles northwest of Ardmore on the Ardmore and Dixie road. It has two stores, a post office, drug store, a blacksmith shop, has a good school house and a good school in progress, with W. I. Davis as teacher. This school bids fair to become one of the best schools we have ever had in this part of the country.

We have had some bad weather the past week. It has snowed here every day since last Wednesday.

The doctors have been very busy for the past week.

Mr. Triplett, an old gentleman of this place, has been sick for the past two weeks and is reported no better. F. G. Roberson has a very sick daughter.

Frank Lowery, who has been sick the past week, is some better.

Most of the farmers of this section say they will cut the cotton crop down at least 20 per cent. Until the farmers learn to live at home, they will never control anything they produce. Since cotton went below the price of production, every industry has been injured. Men that would have been able to pay everything they owe, are unable to do so at the present prices.

There is some report that black-leg exists among the cattle in this community. The cattle suffered considerably during the cold weather of the past week.

Some one attempted to burglarize the store of Barton & Clowdus last Saturday night, but were unsuccessful.

HEALDTON.

Special Correspondence.

Healdton, I. T., Feb. 6.—This section has been and is still in the grip of winter. If the snow and sleet continues, cattle will suffer.

A new daughter is reported at the home of O. Allen.

A young boy, named Jones, broke his leg by falling on the snow and sleet, while carrying in firewood. He lived about four miles west of here.

L. N. Lillard, a well known and old resident of this section, died suddenly last Friday and was buried Saturday. He had been in Ardmore for the past two weeks attending court, but came home sick. However he was not thought to be seriously ill. He leaves a widow and three children. The sympathies of the entire community go out to them in their great loss.

Rev. Brad Hays is here and will preach today and tomorrow.

Ben Heald has gone to Ardmore to attend the Selvidge Business College.

The health of the community continues good, considering the extreme cold weather.

CITY GOVERNMENT.

PLANSIFTER FLOUR

MADE BY
THE WHALEY MILL & ELEVATOR CO

Over 500 Tons
of Scrap Iron.

The above is the amount of scrap iron bought by me one and one-half years ago, and gave satisfaction to every one I dealt with. I am now in the market again and promise to pay all who have Iron, Brass, Copper, Etc., and in fact, all kinds of marketable junk, the highest market price for same. My motto is honest weight and highest market price.

You will do well to see me before selling your iron, etc. Situated on East side North Caddo street, one block North of Plating Mill. Yours for business.

O. BATES.
